

Private Chef Service

Fine Dining Solutions offers many types of private chef services to fit your private chef needs. Below are some examples of services we have provided - but every service is as individualized as the individual or family - so please call (703-869-1242) or email us today to discuss your private chef needs.

Temporary Private Chef

\$60/hour + Groceries

Are you a private chef and want a vacation? Or do you realize that you haven't given your private chef a vacation in 3 years? Most private chefs work 24 hours a day/7 days a week providing for you and your family - and 1 night off can be helpful. Let our chef fill in for them while they are gone. They'll be more than happy to let us provide for you as if they had never left.

Traveling Private Chef

Pay based on travel location, meal service and shopping time

Will your family go crazy if you took your private chef with you on vacation/business travel? We'd be happy to provide whatever meals services you would like and fill in for them while you are traveling. Be it just the beach for a weekend or LA for a week, we can help maintain your diet no matter what location you are in.

Special Diet Chef

\$50/Hour + Groceries

Meals are designed around a basic diet (South Beach, Atkins, etc.) and prepared, packaged and left for you to heat at your leisure.

Traditional Private Chef

\$60/hour + Groceries

A combination of "Pan-to-Plate" dinner service and meals prepared, packaged and left for you to enjoy at your leisure. Organization and maintenance of your kitchen & pantry and will work with kitchen cleaning staff. Before hiring your next private chef, please allow us to showcase our culinary range and techniques - only as diverse and polarized as your palate with a Chefs Tasting Menu.
